PACKAGING EXPERTISE

You need packaging solutions that stand out on the retail shelf. You've come to the right place. Wixon offers a variety of packaging options – from jars for spices and seasonings, or bag-in-a-box for bread and cookie mixes, to flexible pouches for dip and beverage mixes.

Dry Mix Packaging

- Vertical and horizontal pouch filling machines
- Rigid bottles – single, dual-head, and rotary fillers
- Cartoning – single and multiple component
- Gusseted stand-up pouching
- Video-jet and thermal printing
- Shrink wrapping
- Zipper pouches
- Trays
- Labels
- Neck bands

Finished Product Testing

- Batch sampling and testing
- Packaged product monitoring for weight control and lot coding
- Fully traceable electronic record of each product and its components

PACK OPTIONS

Wixon offers a variety of packing services to complement the packaging experience. Shipper design services are available, including pallet patterns and stacking strength recommendations, through our corrugated partner. This includes both RSCs and PDQs, custom printed or unprinted. We can package sub-units in trays, shrink wrap for shelf display or pack in master shippers. Wixon can also pack in bulk for further processing at your site. Our packaging professionals will provide the packaging solutions you need.

Wixon offers several options for stock jars. You can choose between Polyethylene Terephthalate (PET) or a Polypropylene (PP) substrate – each comes in a variety of sizes. Our label capabilities include pressure sensitive, shrink sleeve and cut & stack. Lead-times are 20-30 working days after approval of artwork when running Wixon standard structures.

WIXON STOCK JARS – POLYETHYLENE TEREPHTHALATE (PET)

PET	NECK FINISH
3.5 oz.	43/485
5.5 oz.	43/485
6 oz.	63/485
7 oz.	53/485
8.4 oz.	53/485
16 oz.	63/485
22 oz.	63/485
32 oz.	63/485

WIXON STOCK JARS – POLYPROPYLENE (PP)

PP	NECK FINISH
3.5 oz.	43/485
8.4 oz.	53/485
16 oz.	63/485

We offer several stock dispensing options for each of the different cap sizes: 43mm, 53mm and 63mm. Each option has an induction foil seal liner with a residual peel. The Wixon standard color is black. Additional cap, color, liner and neck band options are available.

WIXON STOCK DISPENSING CAPS

43/485	53/485	63/485
200 Sift	200/Pour	200/Pour
300 Sift	300/Pour	300/Pour
	Spoon Only	
	Directional Spout/ Pour	

Wixon offers a variety of unprinted flexible pouch options in foil, clear and white. Sizes range from 3.125" x 3.5" to 6.5" x 9.5" with 3.5" gusset. Our printed film capabilities include small minimum orders (10m impressions/copy), up to 8-color printing and short lead times of 20-30 working days after approval of artwork when running Wixon standard structures.

Our technical and operations staff will evaluate your project and recommend the appropriate film structure and size to best serve your needs. Sizes and features are dependent on product density, shelf life requirements and what equipment is deemed most appropriate for the project. Zippers, tear notches, gusseted, and stand-up gusseted pouches are available options.

We provide many folding carton options. Some of the most common sizes are listed below. Cartons are custom printed with up to 7-color capability on both SBS or Recycled board with short lead times of 20-30 working days after final approved art.
